<b>WP1: THEORETICAL FRAMEWORK AND TOOLS</b>						
Literature review						
<b>Workshop I: analytical framework and tools</b>						
Analytical framework						
Preliminary research tools						
Research plan						
<b>Workshop II: final research plan and tools</b>						
International scientific committee meeting						
National scientific committee meeting						
<b>WP2: BASE-LINE STUDY</b>						
Literature review						
<b>Qualitative study</b>						
Focus groups and individual interviews						
Transcription and preliminary analysis of data						
<b>Workshop III: quantitative analysis plan</b>						
<b>Quantitative study</b>						
Adaptation of questionnaire and pilot study						
Data collection, entry and preliminary analysis						
Final analysis of base-line study						
<b>WP3: DESIGN AND IMPLEMENTATION OF INTERVENTIONS</b>						
Literature review						
<b>Workshop IV: discussion results base-line study, design of interventions</b>						
International scientific committee meeting						
National scientific committee meeting						
Identification of coordination and quality deficiencies						
Design of interventions						
Implementation, monitoring and adjustment						
<b>Workshop V: preliminary analysis and adjustment of interventions</b>						
<b>WP4: EVALUATION OF INTERVENTIONS</b>						
Literature review						
<b>Workshop VI: intra-country comparison plan</b>						
International scientific committee meeting						
National scientific committee meeting						
Qualitative study						
Quantitative study						
<b>Workshop VII: discussion preliminary analysis</b>						
Final intra-country analysis						
<b>WP5: CROSS-COUNTRY COMPARATIVE ANALYSIS</b>						
Literature review						
<b>Workshop VIII: discussion results intra-country comparison, common framework for cross-country analysis</b>						
International scientific committee meeting						
National scientific committee meeting						
Cross-country analysis						
<b>WP6: CAPACITY BUILDING AND DISSEMINATION OF RESEARCH RESULTS</b>						
Building collaboration networks						
<b>Capacity building</b>						
Development of capacity building strategy plan						
Training and monitoring of researchers						
<b>Dissemination of research results</b>						
Dissemination plan						
Production of dissemination material						
Country workshops: dissemination of results						
<b>Workshop IX: preparation of international conference and final reports</b>						
<b>International Conference for regional dissemination of results</b>						
International scientific committee meeting						
National scientific committee meeting						
<b>WP7: PROJECT MANAGEMENT AND COORDINATION</b>						
Setting up						
Web site design						
Project management committee meeting						
Reports to the European Commission
